FINANCE MANAGER

OUR ROLE

The finance manager provides financial oversight and coordination for all of the Mekong members and activities that Mekong is involved in. This position serves as Head Steward for all of our finance-related activities and keeper of the finance values and policies of the Fellowship. The role is crucial both in terms of strategic support and as an important part of our overall member care.

OUR PASSION

"It is required of stewards that they be found trustworthy" (1 Cor 4:2) We want to help the field exercise good stewardship of our material resources, individually and collectively. This is because we believe we will be accountable one day for the way we have handled the resources entrusted to us. "We want to avoid any criticism of the way we administer this liberal gift. For we are taking pains to do what is right, not only in the eyes of the Lord but also in the eyes of man." (2 Cor 8:20-21)

MEKONG MINORITIES

You don't have to be an accountant to fill this role. All you need is understanding of accounting principles and a good grasp of numbers and love for serving people. We have had business majors, engineers, and even mechanics fill the role of the Finance Manager.

The US dollar is our "home" currency because we manage several currencies at the same time.

We serve around 130+ members from at least 12 countries serving in 6 countries in East Asia. We also oversee around 200 projects.

Our office in Thailand coordinates with various offices across the OMF world.
